YOUNG TO THE EMPIRES.

He Gives Them Detailed Instructions for the Coming Season.

WASHINGTON, D. C., April 9.—President Young, of the National base ball league, has issued the following: To League Umpires:—Please note carefully the following instructions for 1899:

- 1.—Wear a neat blue flannel uniform.
 - 2.—Absolute honesty and sobriety is demanded of every umpire.
 - 3.—Enforce the rules to the letter. Just as you are written. Study to be master of yourselves and you can better control others. It is not necessary that you should hear every word that is spoken by players in the heat of a contest unless it is vulgar or insulting and directed to, or intended for your ear or heard by others. In that case do not hesitate a second to do your duty. No umpire can expect to hold his position unless he complies with the letter of his instructions, and no umpire need have any fear of losing his position who complies with the same unless, after a fair trial, he is clearly incompetent.
 - 4.—Consider all assignments strictly confidential.
 - 5.—As soon as you reach any city, let me know by first mail where you are stopping.
 - 6.—Keep in close communication with your home so as to receive a telegram at the earliest possible moment, and in case of accident to be able to jump to some other city by first train. You and your associate should study the rules closely together and anticipate plays and help each other as much as you possibly can, so as to reduce the chances for an error to the minimum.
- When Mr. Young is umpiring at first base, he has a double letter with his instructions, and he is in a position to judge to a certainty and should give you a sign to guide you in making an absolutely correct decision. By working together in this and many other ways, the chances for making an error on the bases will be very small. When the clubs are all in the east, I will try and fix a day for a meeting of all the umpires with a view to a correct understanding and interpretation of every rule and uniform application.

BASE BALL.

Manager Torreyson, of the Grand Rapids ball team, with outfielders Hemphill and Bradley, left for Richmond, Ind., at 7 o'clock last evening, where other players of the home team will join them to-day. Grand Rapids is booked for its first exhibition of the season, Richmond tomorrow, and will also play there Monday. Before coming home the team will play exhibition games in Cincinnati, Indianapolis, Kokomo and Detroit, returning for its first exhibition game on home grounds April 23 with Detroit. By the time Torreyson's men go against the Old Soldiers at Dayton in the first league game on May 1, they will be sufficiently seasoned to show the status they are made of.—Grand Rapids Herald.

Mrs. Alfred Clark, of Manor Co., Iowa, has been the mother of four children. Now she says: "I am about to become a mother again, and I have been troubled with morning sickness and vomiting. I could not eat any breakfast, but two days ago I began taking your Favorite Prescription twice a day, and a teaspoonful at a time, and I am pleased to say that I have not had a vomiting spell for two mornings."

The "Favorite Prescription" relieves morning sickness and the other discomforts of the period preceding motherhood by purifying the blood and by strengthening and invigorating the special organs involved. Morning sickness is due to the efforts of nature to remove from the body every bit of impurity which might offset the health of the little one to come. The direct cause of the nausea is an irritation of the nerves of the femity organ, which have a sympathetic connection with the nerves of the stomach. The "Favorite Prescription" goes directly to the seat of the trouble, and cures the ruffled nerve and brings comfort at once. It is a safe medicine to take. It contains no alcohol, opium or other harmful drugs. It contains no sugar or syrup. It aids the digestion and is a general system tonic, while it acts directly and strongly on one special set of organs.

"A WORD TO THE WISE IS SUFFICIENT."

A word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. River men are sometimes remarkably successful in other walks of life. There's Captain "Johnny" Crocker, for instance; he made his pot in oil several years ago. And now comes Captain "Ev." Thomas, of the Cleveland, Lorain & Wheeling transfer steamer, Lizzie Townsend; at the late election in Bridgeport, over the river, he ran for council on the Democratic ticket. Though the ward is overwhelmingly Republican, Captain Thomas believed he would win. His Republican opponent was "Joe" Meister, of brass band fame. "Joe" was sure he was elected, and on election night he came over to Wheeling and played at a concert. Returning at midnight he stepped at the back river bridge toll house and asked John Richardson how large his majority was. When the bridge man told "Joe" the other fellow had won the city and a big one, Meister would not believe it. But he does now. The Bridgeport Democrats say Capt. Thomas will in the future lead all their forlorn hopes.

THE BIOGRAPH PICTURES

Of Pope Leo and Other Subjects Seen by Newspaper Men Last Night.

Last evening at the Carroll Club auditorium, the American Metroscope Company, of New York City, entertained a number of prominent members of the Catholic church of this city, by giving a full rehearsal of the biograph views which go to make up the exhibition to be given at that place to-night, to-morrow afternoon and to-morrow night, and it can be truthfully stated that no moving pictures have been given here before in such complete form. The programme is divided into three parts, the first consisting of a series of war views, which are so realistic that one imagines that he sees the living subjects before him. A regiment of French cavalry galloping at full speed, the gallant Sixty-ninth New York Volunteers leaving Camp Black for the war, the naval review showing the big battleships and armored cruisers passing Grant's tomb, and General Shafter's army effecting a landing in Cuba, are among the first pictures, also President McKinley inspecting Camp Wykoff.

The second part of the programme is also most interesting; it consists of marine views, the coronation ceremonies of Queen Wilhelmina, of Holland; hotel on fire, showing firemen rescuing the guests; a panoramic view of Conway, England, taken from the front of an express train going sixty miles an hour; railroad scenes and several comic pictures.

Then follows the most interesting part of the exhibition, a series of views of interest to Catholics. The first is one showing Cardinal Gibbons at the Seminary of St. Mary, Baltimore, surrounded by the seminarians; then comes the Brotherhood of Misericordia, a Corpus Christi procession, the Armenian Monks, and other interesting pictures. These are followed without intermission by a large number of excellent and wonderfully life-like views of His Holiness, Pope Leo XIII, taken in the Vatican gardens at Rome. In these the Holy Father is seen walking, talking, riding and taking his daily recreation in the gardens of the Vatican. The pope in the garden is well considered his age, and the pictures are in contrast with the reports now being sent out as to his weak condition. In the pictures his holiness bestows the pontifical blessing several times and the final picture shows him as he bestows it upon the American people. It is this picture that Archbishop Martinelli refers to when he says: "It is the pope's desire that all who see this picture in the proper spirit, should participate in the happiness in the glory and in the advantage of it, just as if it had been bestowed upon them personally."

As the pictures are shown upon the large curtain they are explained, and pleasing music is rendered by Prof. Sebastian Rafferty. It is truly an exhibition of the highest merit, and one which should be witnessed by packed houses at the three performances.

The exhibitions here will be under the auspices of the Knights of St. John, and Lafayette Commandery deserves success.

THE WHEELING PRESBYTERY

Matters of Interest in the Metropolis of Belmont County.

On Saturday he was arraigned and pleaded guilty to the charge and Judge Hollingsworth fined him \$40 and costs, which will mean from sixty to ninety days more imprisonment for him.

The Republican state committee is called to meet next Saturday, and is likely to fix the time of the state convention the latter part of this month. Some effort has been made to stir up strife in this county over the personnel of the delegation, but the effort is not likely to succeed, as most of the party will be satisfied with any candidate likely to be named.

One of the electric cars on this side of the river jumped the track on the steep grade north of Cummins, and but for a friendly telephone pole would have toppled over or landed on the Cleveland & Pittsburgh railroad track. The car was full of people and consternation reigned for a time, but nobody was hurt.

George Piersol, the shipping clerk at the Bellaire bottle works, who had his jaw broken in two places by taking a header from his bicycle, is not getting along as well as hoped for, because of the difficulty in holding the two fractures.

MARTIN'S FERRY NEWS.

The Daily Chronicle of Wheeling's Progressive Neighbor.

In a letter received Saturday, from R. D. Robinson, Cuamo Baths, Porto Rico, which place is the government headquarters for the raising of virus on the island, he says that the undertaking which was recently commenced, is the largest of its kind ever attempted. It is the aim of the promoters of the project to produce enough of the vaccine matter to vaccinate the one million inhabitants on the island and by that means lessen the danger from smallpox, which contagion frequently sweeps over the island, causing great loss of life. At the time of writing 1,300 head of cattle had been purchased for this purpose, one hundred of which had been put through the first process, that of shaving the hair from each side and placing eighty vaccinations on the animal, forty on each side. He stated that he expected to start for the states about the first or not later than the middle of April.

A WHEELING MAN ABROAD.

A young man from Wheeling with a "jag" and horse and buggy was the cause of a little excitement at the corner of Fourth and Jefferson streets yesterday afternoon. He was driving down Fourth street at a speedy gait, when attempting to make the turn his conveyance upset, throwing him and the horse upon the ground and badly demolishing the vehicle. Neither man nor horse was injured.

Notable Letter Written by Mr. George Cummings, Sr., Mine Foreman at Tunnelton Mines, W. Va.

Drs. Byers and Tucker, Pittsburgh, Pa.: Gentlemen: I had been afflicted about 15 years. I tried various remedies for my sickness with little or no good results. I have been doctored by many doctors. They told me I had stomach and liver trouble, but my system was so run down and that I needed rest. I also tried relief through patent medicines. I was willing to try anything for a while, but at last I became much afraid that my health would not return to me again. At the time of consulting you my condition was bad. I was not able to attend to my work, feel able to go down. Head and throat was stopped up so bad at times that I had much trouble in breathing. My ears pained very much. I was despondent. Could not breathe clear, my nose, could not smell, took cold easily, cold feet and hands, felt tired all the time. Got up in the morning unrefreshed, no energy. My stomach very poor, bones aching, loss of breath, taste in mouth, sour rising and bloating at times after eating.

I saw your advertisement in the paper and came to the conclusion I apply for treatment. I am very glad I did so, for it has made a new man of me. I was broken down two months ago, now I can attend to my work and I am strong. I recommend your treatment to any person suffering as I did. You have done me more good than I can tell. You will please use this letter if you think proper. I am, Yours Truly, George Cummings, Sr.
